I think he got spooked since he purged his post history. If you still want to chat, you can register on another homeserver and join the #uspol:matrix.org room. <https://glowers.club/wiki/doku.php?id=wiki:homeservers>

I was on a couple of days ago, but yesterday I noticed I was logged out on all my devices. I figured I had just timed out, but now it's gone. MemeFactory's account here is also gone (still exists, but all posts and comments deleted). Makes me certain that they took everything down (or possibly but unlikely that Matrix took them down). I wasn't even on it long enough to get to read anything, much less post, but. . .
